13 Dynamics contact center

13 Dynamics contact center

Pro tips

• Dynamics 365 Contact Center is the CCaaS product. AB-250 is the exam that matches it.

• AB-210 is the sales successor to MB-280 and is in beta. It does not replace MS-700, and it is not the contact-center exam.

• Unified routing uses workstreams, queues, and capacity. A Teams call queue is a different product.

Interview traps

• Studying AB-210 because the title says AI when the job is the contact center.

• Describing a Teams call queue as unified routing.
