13 Dynamics contact center

Pro tips
? Dynamics 365 Contact Center is the CCaaS product. AB-250 is the exam that matches it.
? AB-210 is the sales successor to MB-280 and is in beta. It does not replace MS-700, and it is not the contact-center exam.
? Unified routing uses workstreams, queues, and capacity. A Teams call queue is a different product.

Interview traps
? Studying AB-210 because the title says AI when the job is the contact center.
? Describing a Teams call queue as unified routing.
